

What's new at Weybridge Orthodontics?

Team News

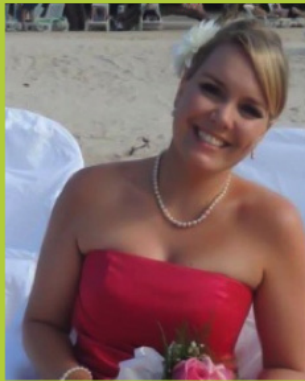

Please meet Nicki Denness and Daryl Marana, our new Practice Manager and Trainee Nurse.

Nicki Denness

Nicki is thrilled to join the team at WO and can't wait to get stuck into her new role.

Nicki would love to meet Ray Winstone and enjoys watching Rom-Coms.

Nicki has a phobia of the sea and would rather be sitting on the beach sipping a cocktail!

Daryl Marana

Daryl has already proven to be a popular member of the team since starting in September.

Daryl enjoys singing and playing the Guitar in her spare time. She is busily preparing herself for the National Exam for Dental Nurses in June and is looking forward to a long awaited trip home to the Philippines later this year.

15% OFF

Valentine's Day

Give the gift of a smile on Valentine's Day by taking advantage of 15% off braces until 31.03.2015*

Please contact Leanne, our Treatment Coordinator, on 01932 831825 for further details.

Complimentary Consultations

We would like to thank you for all of your kind referrals and continued support.

We are delighted to offer all new adult patients a complimentary consultation with one of our Orthodontists.* This gives the patient the opportunity to discuss their concerns and explore the treatment options available to them.

* Term and conditions apply

The Dentistry Awards 2014

We were proud finalists at The Dentistry Awards 2014 held at The Athena, Leicester last month. WO was nominated for Best Team and Best Patient Care in the London category.

The staff got into the spirit of the 'Great Gatsby' theme and enjoyed a champagne reception, three course meal and evening of entertainment.

Christmas Event

The WO staff got well and truly into the festive spirit this year with an outing to the Royal Albert Hall and thoroughly enjoyed participating in a Christmas Carol sing-a-long!

This was followed by a well deserved meal at Maggie Jones in South Kensington – Highly recommended!

NHS waiting list

We continue to offer the best quality of care to our NHS patients and are proud to announce that our waiting list is less than 12 months.

We can therefore start treatment for all NHS patients within a year of first being seen at the practice. This is made possible by the excellent facilities and services available at WO.
